

## PUBLIC NOTICE

### **Star Lake Canal Superfund Site EPA Region 6 Issues Administrative Order**

On December 22, 2005, the U.S. Environmental Protection Agency Region 6 (EPA) issued an Administrative Order on Consent (AOC) for the Star Lake Canal Superfund Site in Port Neches, Jefferson County, Texas. The AOC requires the Potentially Responsible Parties (PRPs) to conduct the Remedial Investigation and Feasibility Study for the Site.

The Site consists of contaminated surface water sediments in the Jefferson Canal, Star Lake Canal, and Molasses Bayou. The Jefferson and Star Lake Canals have received industrial wastewater and stormwater discharges from local chemical and other manufacturing facilities for a number of years.

The information repository for the Star Lake Canal Site is located at the Effie and Wilton Hebert Public Library, 2025 Merriman, Port Neches, Texas 77651. For more information about the Star Lake Canal site or the Superfund process, contact Mr. Philip Allen, Remedial Project Manager, at 214.665.8516 (direct) or 1.800.533.3508 (toll-free). Additional information also can be found on the Internet at:
